TECH Zoomers Challenge

The TECH Zoomers Challenge is the ultimate stage for TECH Zoomer Bootcamp participants to turn bold ideas into real impact. This exciting competition invites university students to tackle real semiconductor industry challenges with creative thinking, teamwork, and sharp presentation skills.

Participants will form teams to solve actual problems provided by top semiconductor companies. With guidance from industry mentors, they'll brainstorm and pitch their solutions to a panel of expert judges.

It's more than just a challenge; it's a launchpad for future innovators. Students will gain hands-on experience, sharpen critical skills, and connect with industry leaders who are shaping the world of technology.

Winning teams will walk away with prizes, recognition, and career-boosting exposure. This is where the next generation of tech changemakers begins!
